### BEWARE.

The citizens of Hayti should not lose sight of the matters of vital importance that means so much to the future welfare of our city. For many years we have struggled against great odds trying to build up a city, and have been through all kinds of legal contests and election battles. It is a wonder that Hayti exists today, and the fact that it does exist is due to her ideal location. If Hayti had been less favorably located for a city it would have been wiped off of the map in its early days. Just at present there is a clan in this city, the Walker-Allen-Kohn et al bunch, and Barkovitz at Portageville, who are doing their utmost to do this city an irreparable injury. Just at present our city is at the most critical point in its life, and one false step will forever mar its future. One fact alone stands out above everything else, and that is the city hall indebtedness of \$1,000 a year until 1926, and in the face of this we stand to have to buy the city hall from the litigants at some near date in order to hold it. This city hall indebtedness takes every penny of the taxation on real and personal property to pay. The money for various sundry expenses, street improvement and for electric lights must be derived from license. The light bill alone is about \$1,000 a year. Deprive Hayti of \$2,400 a year license revenue, as Walker and his turncoat Critic are endeavoring to do, and the last hope of our city is gone. We will be without good streets and crossings, city improvement will stop, and the light plant will shut down. But what does Walker and his Critic care for this. He does not expect to stay here. He was never known to stay anywhere long. When he came to Hayti made his fourth location in the same year. In a little while he will drift away and the conditions he may leave do not concern him. The good, honest people who have built Hayti to what it is and expect to live here to enjoy the fruits of their labors, should BEWARE!

### STEROTYPED HOWL.

There is nothing more unreasonable or disgusting than the sterotyped howl of the republicans about the price of cotton.

### REPUBLICAN TICKET.

For Prosecuting Attorney:  
S. J. JEFFRESS.  
For Circuit Clerk:  
TOM SIMPSON.  
For County Clerk:  
R. G. CROW.  
For Justice of the Peace, Hayti  
Township:  
JAS. M. ARGO.  
For Constable, Hayti Township:  
H. PULLAM.

It should be an insult, even to the intelligence of an imbecile to be told that the democratic administration is responsible for the low price of cotton. The facts are these: The United States is the largest cotton growing country in the world and depends almost exclusively upon foreign countries for a market. The United States produces about two-thirds of the cotton produced in the world, and to find a market for this enormous production two-thirds of our production must be shipped abroad. Now, who is it has not heard that nearly all of Europe is engaged in the greatest war the world has ever known? Who is it has not heard that the markets of the world are closed and that shipping on the high seas is too dangerous to undertake. It is plain to be seen, therefore, that the foreign war is the cause, and having two-thirds of the crop on hand, without a market, the price is lowered in proportion. For instance, it is estimated that the 1914 crop will reach 17,000,000 bales. Of this the United States will consume about 7,000,000 bales, thus leaving about 10,000,000 bales on hand without a market, all on account of the foreign countries being at war. Is the democratic administration to blame for this? Aside from the cotton grower, the American farmer has never known a time when he was more prosperous than now, for every article he produces brings him a higher price than he has ever before received. How about the prices of horses, mules, cattle, hogs, chickens, egg, butter, wheat, hay, corn, beans, potatoes, onions, cabbage, and, in fact, every product of the farm, except cotton? Then, if the democrats must be charged with the low price of cotton, to be fair, don't you think they should be given credit for the high price of all other farm products?

### INCONSISTENCY.

Bill Lacey of the Caruthersville Democrat had something to say last week about "public printing." Last Saturday the county court awarded the contract for advertising the ballot for the November election and Mr. Lacey bid 25 cents per 250 ems for the two issues, which is just one-sixth the price he is getting for advertising the constitutional amendments, which is \$1.50 per 250 ems for the first two issues. Why the difference? If Mr. Lacey can advertise for the county at 17½ and 7½ cents per 250 ems, why does he charge the state \$1.00 and 50 cents per 250 ems? If this does not show a lame place in the law and one that should be remedied, then we fail to see why. A few months ago Mr. Lacey advertised a notice for the St. Francis Levee District at the rate of \$1.00, 50 and 50 cents per 250 ems, and a few months later, when a notice was let by bids, he bid 17½, 7½ and 7½ cents per 250 ems, or one-sixth the price he charged when not required to bid. Is this consistent? Is it just? It is this defect in the law which allows the people's money to be squandered that we are asking to be remedied

and what we have to say about the matter is not directing a fight against Mr. Lacey, for he is following a custom that has prevailed for many years. But surely the people can see from this the inconsistency and the injustice of a law of such laxity, and the corrupting influences it is bound to exert over politicians who desire to promote their own personal interests.

### SOLID DEMOCRACY.

The man who questions the democracy of Hayti certainly cannot be very well posted on the affairs of the county. Were it not for the large majority of democratic votes cast at Hayti the political complexion of Pemiscot county might be considerably changed. We believe it is safe to predict that the democratic majority at the coming election, November 3, will be the equal if not greater than any election in the past, because the republicans, themselves, are making it so. While the republicans are howling from the housetops "vote for the man," they are at the same time waging the most vigorous campaign ever known in the history of the county to get "votes for republicans," and it is so plain that the "man" they want you to "vote for" is a republican, that no one can mistake their insincerity. The reason they are howling so loud and long "vote for the man," is not for the interest they feel in the county's affairs, but because they want to come into power in this county, and they well know the utter impossibility of a republican being elected in this county except by democratic votes. We cannot believe the intelligent democratic voters of this county can be fooled and blinded by a pretext so flimsy, when they well know that the democratic party contains just as good men as does the republican party.

## COULDN'T CUT SLICE OF BREAD

Terrible State of Weakness Experienced By Ipswich Lady.  
Cardui Made Her Strong.

Ipswich, S. D.—Mrs. Henry Royle, of this place, says: "I suffered for nearly 10 years, with womanly trouble. Nothing seemed to help me until I took Cardui, the woman's tonic. It made me well and strong. Before I commenced to take Cardui, I could not stand on my feet."

I was so weak, I could not cut a slice of bread. Now, I can stand all day, and can do most of my work. I think Cardui is the best medicine in the world. I have been feeling fine ever since I began to take it. Cardui was recommended to me by a friend, and I will gladly tell my friends of it."

If Cardui will relieve and cure such a stubborn and long-standing trouble as that of Mrs. Royle, then it is only reasonable to believe it will quickly and surely help you, too.

Cardui is the ideal general tonic for women. It has been found to improve the appetite and build up the entire womanly constitution. You can always depend on Cardui, for it has helped more than a million weak women in the past 50 years, who suffered from troubles so common to their sex. Try Cardui. It will help you.
